New York State Association Opposed to Woman Suffrage

Voicing our sincere regret we wish to give expression of our lasting gratitude, admiration and affection. We hope that the courageous spirit and the high-mindedness which characterized Mrs. Scott's every word and action will abide with the Association and uphold its representatives.

Sixteen years ago when Mrs. Scott alone presented to our State Legislature the opposition to a bill which threatens to overthrow all the inherited principles of our social, economic and political life, she set an example which will continue an inspiration to all her followers.

With sincere loyalty to the cause, we, the Directors of the New York State Association Opposed to Woman Suffrage present this resolution to Mrs. Francis M. Scott in recognition of her devoted and wise administration.
